Working Day 🗸 If no, explain:

Diary:

Work description.

ABF and Macalloy Crews activities:

The crews continued the initial pre-tensioning of the North K hinge of the W line up to 5000 psi gage pressure with only one jack. The initial pre-tensioning was completed about 11:00 AM and the crews started the final pre-tensioning based on sequence specified in the submittal ABF-SUB-002266R00. Twenty three anchor rods pre-tensioned to maximum of 18900 psi gage pressure until the end of the day. The maximum elongation observed so far was 16mm and the overall elongation was about 22mm-23mm. As specified before, the theoretical elongation should not exceed 17 mm. The main reason can be searched in the K hinge steel frame which is not completely rigid; the deformation of the plate surface due to unequal length of underneath stiffeners might be the reason for this increase in the rod elongation. The South side Hinge- K scaffolding of the W-Line has been transferred to the same position for the East Line.

Another ABF crews removed the West saddle gantry of the West-Line.

The pieces were carried by crane Terex RT 160 on the deck and transformed by the Tower crane to the barge.

CONCO crews activities:

The crews continued removing the tapes used in the formwork, cleaning and patching (trimming) the grout surface of the West line deviation saddle.

ABF Crews involved in the pre-tensioning Hinge-K:

- Matthew Wistrich
- Mike Randel
- Charles Middleton

Macalloy Crew:

-Jonathan Jackson

ABF Crews involved in the removing the West saddle gantry of the West-Line.

- -Jack Hunter
- -Morris Robertson
- -Matthew Chamberlain
- -Bill Alger (Crane Operator)
- -Nick Shafer (Crane Operator)

CONCO crews:

Job Name: 04-0120F4 Inspector Name: Iranmanesh, Abbas Diary #: 119 Date: 10-May-2011 Tuesday

- Gary Pene
- Jasmin Gorinjac

ABF & Macalloy Equipments:

- MacAlloy pre-tensioning equipment in Hinge-K pre-tensioning (only one jack)
- -High pressure air provided by ABF

ABF Equipment in removing the West saddle gantry of the West-Line.

- -Crane Terex RT 160
- Tower Crane
